A
‘cause we sure ain’t from here.

What’s up with this human race?

Maybe better we slow down
And cast off competition

CHORUS

A
And I said
G
You’re so fly
D
Everyday hero
Take my hand
Touch the sky
Everyday hero
Everyday, Everyday Hero

She said, “This is it, sister
We’ve gotta step right up to lead

Turn up the volume girl,
You’ve only got your heart to heed”

To live ahead of these times
Oh daughters and sons
Just live equality
And exile comparison

Everyday, Everyday Hero
